Dust Guard

Cyclone Separator w/ Reverse Pulse Clean

120v and 240v - 600 CFM

No Suction Drop ! No Electronics ! No Manual Shaker

Division of Scott Electric • 412-605-2992

Large Volume Dust Collector

! Two (2) 30 Gal Collection Drums

- " each holds over 100 lbs. of concrete dust
- " line them with 6 mil linear bags & zip time for easy, fast and safe disposal of debris

! HD Strong, Solid Steel Construction

- made of 1/8" steel tubing and 16 gauge USA Steel

! Powerful Suction Maintained

- " AirBender™ technology prevents 98 lbs of every 100 lbs of dust collected from reaching the vacuum's two (2) HEPA filters
- " Will never blow-back extracted dust back into the air.

Power - Strong Versatile Motors:

Operates on (2) 120 volt circuits or (1) 240 volt single phase line so you can find power almost anywhere.

FEATURES — 3 Year Warranty

- ◆ 100% USA Made to the smallest nut, each component hand installed by USA technicians — complete assembly assures the highest quality built vacuum, all parts - big and small - are available
- ◆ In-house research and development team designs, improves, tests and retests to be sure each Droid is 100% top-of-the-line
- ◆ Large collection containers means you spend more time working and less time emptying plastic bags – optional 55 gal drum is available — onboard meter shows suction performance, tells you when to purge the filter
- ◆ Certified HEPA filters - safe for silica, asbestos, lead paint, and hexavalent chromium removal and containment
- ◆ 30-gallon separator tank is equipped with HD rubber casters for convenient disposal of debris – both collection tanks use 6 MIL liner bags (do not use 3 or 4 MIL bags - they'll lift when the vacuum is turned on)
- ◆ Less filter cleaning, larger dust collection, easier disposal of debris, easy maintenance - all designed for increased production.

H0601 Dust Droid 600 CFM HEPA Dust Extractor — Combination 120 / 240 volt ... \$10,064.00

SPECIFICATIONS — Equipped as follows:

Outlet Size - Hose	3" - 3" x 25' w 3" ID Hose Cuffs	Power	120 v 30A	Power Cord	12 ga x 25'
