Multi-Use Versatility Straight-Line & Radius Sawing

Impeccable Dust Control 4" Adjustable Cutting Depth

CRACK CHASERS (2) + Straight-Line Sawing

#GCT-45
\$1,090.00

4.5" ELECTRIC, 120 Volt
Crack Chasing, Decorative Sawing — Joint Saw
~ Grab' n Go, Very Productive

- 4.5" Blade Capacity, 2" Dust Port
- Depth-of-Cut: 3/4"
- Weight: 35 lbs.
- Incl. Metabo W9-115, 8-Amp Grinder
- Arbor size: 7/8"
- Impeccable dust control, radius cutting and blade visibility
- **Wheels lock-in for straight-line sawing**
- Vacuum Requirement: 150 CFM

#GCT-9
\$1,190.00

9" ELECTRIC, 120 Volt
Crack Chasing & Joint Saw
HD Versatility — Very Smooth & Productive Sawing

- 6" - 9" Blade Capacity, 15° Bevel Angle
- Depth-of-Cut: 2-3/8"
- Weight: 70 lbs., 2" Dust Port
- Includes Metabo W24-230, 15-Amp Grinder
- Arbor size: 5/8"
- Impeccable dust control, depth-engagement linkage & blade visibility
- **Wheels lock-in for straight-line sawing**
- Vacuum Requirement: 250 CFM

JOINT SAWS — 8" & 10"

#GCT-8II
\$2,490.00

8" GASOLINE, Honda 5.5 HP

- 8" Blade Capacity, 2" Dust Port
- **Depth-of-Cut: 2"**
- Weight: 125 lbs.
- Honda 5.5 HP Gasoline Engine
- Impeccable dust control, HD durability
- Blade Visibility: blade pointer plus cut-out window
- Compact, Portable, HD Depth & Engagement Linkage
- Arbor size: 5/8"
- Vacuum Requirement: 250 CFM

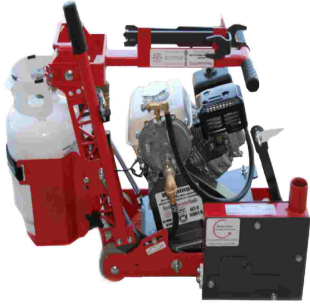

#GCT-10
\$1,490.00

10" ELECTRIC, 120 Volt

- 8" - 10" Blade Capacity, 2" Dust Port
- **Depth-of-Cut: 2-1/4"**
- Weight: 70 lbs.
- Incl Metabo W24-230, 15-Amp Grinder
- Simple to operate, impeccable dust control and depth-engagement linkage
- Blade Visibility: blade pointer plus cut-out window
- Compact, Portable, HD Built
- Arbor size: 5/8"
- Vacuum Requirement: 250 CFM
- Power Requirement: 20 Amp Circuit

JOINT SAWS (2) — 10"

#GCT-10XLP
\$5,390.00

10" PROPANE, Vanguard 9.5

- Impeccable dust control
- Patent Pending High-Efficiency dust box with blade sight window
- Centered lifting hook
- Linkage-controlled front pointer arm
- Quick blade depth adjustment
- Ergonomic handle
- Integrated Wrench holder
- 2" dust port

SPECIFICATIONS

- Engine: 9.5 HP Vanguard, 30 lb Tank - 4 times more HP vs. electric,
- EPS & CARB certified emissions monitoring
- **Depth-of-Cut: 3", Weight: 305 lbs.**
- Maximum Blade Diameter: 10"
- Arbor Size: 7/8"
- Vacuum Requirement: 250 CFM

#GCT-X
\$3,990.00

10" GASOLINE, Honda 11.7 HP

- Impeccable dust control
- Front and rear blade pointers
- Cable depth adjustment
- Integrated wrench holders
- 1/4" steel frame
- Heavy duty bearings
- Dual drive belts
- 2-3" dust port
- Honda GX-390 (Gas)
- 11.7 HP, 19.5 lb-ft peak torque
- **Depth-of-Cut: 3"**
- Arbor size: 7/8"
- Weight: 150 lbs.
- Vacuum Requirement: 250 CFM

EARLY ENTRY / GREEN CONCRETE SAWING — 8"

#GS100
\$2,790.00

8" GASOLINE, Honda 5.5 HP

- Impeccable dust control
- Green concrete skid plate
- Patent Pending dust box with blade sight window
- Quick blade depth adjustment
- Integrated Wrench holder
- Powder Coated Steel Frame
- Front and rear blade pointers

SPECIFICATIONS

- Engine: Honda GX200, 5.5 HP
- **Depth-of-Cut: 2"**
- Blade sizes: 8" maximum
- Arbor size: 7/8"
- Weight: 108 lbs
- Vacuum Port: 2" dust port
- Vacuum Requirement: 250 CFM

Same lightweight as the Husqvarna 150 ~ far superior in every other way. For a heavier version, see the CGT-8EE (right).

#GCT-8EE
\$2,790.00

8" GASOLINE, Honda 5.5 HP

- Impeccable dust control
- Green concrete skid plate
- 2 position control handle
- Up cut blade rotation
- Quick blade depth adjustment
- Integrated wrench holder
- Heavy Duty bearings
- Wide wheels for Stability
- Front and rear blade pointers

SPECIFICATIONS

- Honda GX200, 5.5 HP
- **Depth-of-Cut: 2"**
- Blade Sizes: 8" maximum
- Arbor size: 7/8"
- Weight: 130 lbs.
- Vacuum Port: 2" dust port
- Vacuum Requirement: 250 CFM

Same price and quality as the GS-100 (left) but with a heavier-duty, heavier-weight frame.

EARLY ENTRY / GREEN CONCRETE SAWING (3) — 10"

10" GAS, Honda 11.7 HP

- Impeccable dust control
- Green concrete skid plate
- Front and rear blade pointers
- Cable depth adjustment
- Integrated wrench holders
- 1/4" steel frame
- Heavy duty bearings
- Dual drive belts
- (2) 3" dust ports

SPECIFICATIONS

- Honda GX-390 (Gas), 11.7 HP, 19.5 lb-ft peak torque
- **Depth-of-Cut: 3"**
- Blade Size: 10" maximum
- Arbor size: 7/8"
- Weight: 150 lbs
- Vacuum Port: (2) 3" dust ports

#GCT-XEE
\$4,440.00

10" ELECTRIC, 240 Volt

- Impeccable dust control
- Green concrete skid plate
- Front and rear blade pointers
- Cable depth adjustment
- Integrated wrench holders
- 1/4" steel frame
- Heavy duty bearings
- Dual drive belts
- (2) 3" dust ports

SPECIFICATIONS

- Baldor 240 volt (Electric), 5.5 HP, 26 lb-ft peak torque
- **Depth-of-Cut: 3"**
- Blade Size: 10" maximum
- Arbor size: 7/8"
- Weight: 150 lbs
- Vacuum Port: (2) 3" dust ports

#GCT-XE
\$5,090.00

10" GAS, Honda 11.7 HP

SELF-PROPELLED

- Impeccable dust control
- Green concrete skid plate
- Patent Pending High-Efficiency dust box with blade sight window
- Centered lifting hook
- Linkage-controlled front pointer arm
- Quick blade depth adjustment
- Ergonomic handle
- Integrated Wrench holder
- 2" dust port

#GS-300
\$9,290.00

GS-300 — SPECIFICATIONS

- Engine: Honda GX390. 11.7 HP
- Engine Start: Recoil
- Drive: High Torque Electric Drive with Variable Speed
- **Depth-of-Cut: 3"**
- Maximum Blade Diameter: 10"
- Arbor Size: 7/8"
- Weight: 305 lbs.
- Vacuum Req: 250 CFM

EARLY ENTRY GREEN CONCRETE

Green Concrete Early Entry Blades

- ▶ Supreme Grade — Green Concrete / Asphalt Blades
- ▶ Sizes: 4.5" - 24"
- ▶ Arbors: 7/8" and 1"
