& 6" USA Dust Guard

> **Convenient Portability, Compact Handling:**

- Large, non-marking wheels & pull handle to transport the vac over rough rough terrain, up/down stairs, safe to use on scaffold with lock-in casters.

> **Heavy Duty, Extremely Well-Equipped, includes:**

- wet/dry tool kit (right) ~ *go from dry-to-wet without removing the filter (no conversation)*
- 1-1/4" x 13' hose
- 98" H2O for powerful lifting power
- High Efficiency Cartridge Filter
- Automatic Filter Clean.

> **Included Upgrades w/ Fein Vac:** (5) Air Pulse Filter Bags & 2" hose cuff to attach the 6" USA Dust Guard to the 1-1/4" hose.

HEPA Certified / OSHA Silica Dust Compliant (4 models)

> Self-Cleaning # No Electronics or Air Pulsing # Filters Stay Clean

Why pay for electronics to self-clean the filter ... and still need a bag?

> **Powerful Suction Sustained Without Electronics:** tanks fill 100% without suction drop — *maximize productivity!*

> **MOTORS:** Uses the same Ametek 2-stage motors (right, used in the large concrete dust extractors) vs. smaller, high CFM, 1-stage motors (far right) used in competitive vacs — *don't be misled by specification numbers, 2-stage motors always outperform and outlast!*

> **POWER CORD:** Heavy gauge (12ga x 50'), helps prevent the motor and circuit from overheating — *eliminates needing an extension cord! All three (3) models operate from a 20A circuit while using a 13A power tool!*

> **POWER TOOL OUTLET:** on 1-motor, 10 & 13-gallon models.
