Solid Steel Construction, 1-Year Warranty

- Handles 32" Grinders, 14" & Larger Concrete Saws
- Continuous self-cleaning operation prevents dry & sticky powders from accumulating on the filter's surface
- Ideal for industrial and construction operations requiring sustained suction performance with little or no operator intervention to maintain a clean filter.

Spin-Clean Operation — 100% Automatic & Continuous Filter Cleaning

- ▶ Constantly revolving flap wheel prevents dry and sticky powders from accumulating on the filter's surface and inside the filter's pleats
- ▶ Steel Reinforced Filter Pleats - structurally woven, steel-fiber re-enforced pleats are constantly flexed, expanded and popped to prevent powders from accumulating inside the pleats.
- ▶ Dust and Water Shredding PTFE Membrane further enhances the filter's efficiency rating, dust release ability, prevention of surface blinding and it greatly increases the filter's life
- ▶ End Result: Maximum suction power maintained, no manually filter cleaning required - *Guaranteed!*
