

## CleanSpace™ Particulate Pre-Filter Coverall

### PRODUCT CODE

PAF-0058

### PRODUCT NAME

CleanSpace Particulate Pre-Filter Coverall

### DESCRIPTION

The CleanSpace Particulate Pre-Filter Coverall is a disposable cover that protects the CleanSpace power unit. It is also designed to remove coarse particles and provide limited protection against splashes (e.g. water, paint, cement, etc.).

The coverall is designed to be used with the full range of CleanSpace respirators (fitted with standard or high capacity filters). For large case filters in the CleanSpace PAF range continue to use the CleanSpace Particulate Pre-Filter Coverall for large case filters (PAF-0049, PAF-0057).

The Particulate Pre-Filter Coverall should be changed after each use.

**IMPORTANT:** When selecting a CleanSpace filter please consult a Health and Safety specialist for advice on the appropriate respiratory equipment and filter use.

### FEATURES

- Easy to fit and quick to remove from the power unit
- Extends the life of the CleanSpace HEPA particulate filter
- One time use only

### SPECIFICATIONS

- Product Weight: 0.2 oz (5 g)
- Sold in a pack of 20

### MATERIALS

Spun polymer fibres

### USE & STORAGE CONDITIONS

- Particulate Pre-Filter Coveralls are not waterproof and should be replaced if they come into contact with water.
- Use temperature range: -10°C to +45°C (14°F to +113°F) at < 90% relative humidity
- Storage conditions: +10°C to +30°C (+50°F to +86°F) at < 75% relative humidity
- Store away from direct sunlight, grease and oil

### APPLICATIONS

Suitable for environments which require respiratory protection against airborne particulate contaminants and biohazards.

Examples (use is not limited to these examples):

- Construction – Cutting and grinding concrete, stone, brickwork, steel; sanding plaster, handling cement or other fine dusts

**[WWW.CLEANSPEACEUSA.COM](http://WWW.CLEANSPEACEUSA.COM)**

- Woodwork – Cutting, turning or sanding timber
- Agriculture – mowing, reaping and mulching operations; processing or handling animal feeds, grain or other dusty substances
- Restoration, maintenance and cleaning

The CleanSpace particulate pre-filter coverall is suitable for applications where decontamination is required but must be disposed of after decontamination.

**LIMITATIONS**

CleanSpace respirators are air filtering, fan assisted, positive pressure systems and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use CleanSpace respirators in immediately dangerous to life or health (IDLH) atmospheres, to protect against gases/vapors that cannot be filtered or in oxygen enriched or deficient atmospheres.

**EDUCATION**

Contact [ordersUSA@cleanspacetechnology.com](mailto:ordersUSA@cleanspacetechnology.com) or visit the [CleanSpace website](#) for details.

**WARRANTY**

Visit [www.cleanspacetechnology.com/warranty](http://www.cleanspacetechnology.com/warranty) to read important Warranty information and complete the Warranty Registration Online Form for CleanSpace Products. Consumable parts are warranted up to the point of use, provided they have been stored correctly and are within their expiry date.

CleanSpace recommends filters are replaced regularly.
