Diamond Core Bits

Red Beaver

Div. of Scott Electric • 412-605-2992 (#Direct)

Made in the USA

Used by Pro Drillers Across the USA

North America's Largest Diamond Tool Manufacturer, since 1969
Committed to manufacturing the best products in the industry
— backed by the best trained professionals.

Available: Over 16" Diameters, Longer Lengths, Custom Bonds — Please call to discuss your application.

Hub Size: 1-1/4" - 7 Threaded

Bond: Hard Aggregate, Heavy Rebar, Faster Speed

RED BEAVER - HIGHEST QUALITY - V GROOVE • CROWN RIM .400" Segment Height, 14" Useable Length

- MORE POWER AT THE TIP
- **V-GROOVE SEGMENT** - eliminates bit walking during hole start & fastest corinnng
- **CROWN RIM SEGMENT** - design with small gaps to prevent the bit from snagging on pre-tensioned cables or wire mesh, also allows water to escape and keep the core sharp and cool
- Fast drilling bond with excellent life through heavy reinforced concrete, hard aggregate
- Outperforms and Outlasts
- **DP HD Orange & any Hilti Bit**
- Wet Use
- Extended lengths in stock.

Diamond Core Bits Speed Bits

Div. of Scott Electric • 412-605-2992 (#Direct)

Ideal on Heavy Reinforced Concrete

Used by Professional Contractors Across the USA
Wet Coring for Fantastic Drilling Performance under Any Circumstance
— Exceptional on High Strength & Heavy Reinforced Concrete

Applications: Heavy, Reinforced Concrete, Cured Concrete, Asphalt Overlay, Hard Aggregate
Tools: For use with Hand-Held & Mast Mounted Core Rigs

Hub Size: 1-1/4" - 7 Threaded

Bond: Hard Aggregate, Heavy Rebar, Faster Speed

SUPREME, HD - ZZ TURBO SEGMENT

8.0mm (.315") Segment Height, 14" Useable Length

Wet Use

UPGRADE TO SPEED

- Combination Turbo Segmented Diamond provides aggressive, x-fast cutting than the standard segmented rim
- High Diamond Concentration + Combination Turbo-Segment = X-Faster Cutting + Superior Life — through a wide range of concrete hardness and reinforcement
- Used by mechanical contractors nationwide who drill 100's of holes daily
- Hard Concrete, Brick, Reinforced Concrete - Heavy Rebar with High Aggregate Content
- Laser welded.

* Segmented Rim, Turbo Segment Not Available.
