## High CFM HEPA Dust Extractors

- 3-Models with Interchangeable Heads, Tanks, Filters
- Soft-Start, 3-Motor Power ~ Operates from a 20-Amp Breaker
  - > 3-Motor, 421 CFM ~ won't trip a 20-amp breaker
  - > 2-Motor, 280 CFM ~ won't trip a 15-amp breaker

- Applications:
  - Industrial Cleaning, Chimney Sweeping, Asbestos Hospitals, Clean Rooms, Manufacturing, Hardwood Floor Sanding, Concrete Drilling, Grinding, Sawing, Tuck Pointing
  - EPA Lead Paint (RRP) & OSHA Silica Dust Certified – for recovery of lead dust, asbestos, bacteria, mold, silica dust
  - **Y-Connector** (sold separately) to operate 2-dust control tools for drilling, grinding, sanding and sawing operations

- 100% Tank Fill Capacity ! Filters Stay Clean
  - powerful suction sustained, no stopping to clean filters
  - No electronics or reverse air pulse is used clean the filters**

- Everything works together: tanks fill to capacity, filter stays clean, circuits don't trip, production improves!

- Collection Capacities:
  - 3 tank sizes:** 10 gal holds 35 lbs. of silica dust
  - 13 gal holds 50 lbs. of silica dust
  - 20 gal holds 75 lbs. of silica dust

- HEPA Cartridge Filter Stays Clean: Last 10+ times longer vs. any other vacuum!

- Tough Guy Durable, USA Engineered:
  - > 2" Inlet - ribbed hose barb, won't break - accepts 1.5" and 2" hoses
  - > heavy gauge power cord (12ga x 50'): eliminates an extension cord, heavy 12-gauge copper prevents the motors from running hot & tripping breakers
  - > **Compact, Portable Tanks:** 10 & 13-gallon: A+ for use on scaffold, easy to handle & transport; 20-gallon with large rear wheels: A+ for rough terrain and going down stairs.

Motor head: 421-CFM  
10, 13 or 20-Gal on tank

**ZERO "0" ELECTRONICS**  
— are used to keep the Filter Clean and Prevent Suction Drop!

**5-STAGE NATURAL FILTER**  
> Air Pulse Collection Bag fills to 100% capacity: will not blind, tear or burst – toss it in a dumpster and it still won't tear  
> all filters are kept clean:  
- powerful suction performance is constant  
- motors & circuits run cool, won't overheat  
- uninterrupted productivity & XL filter life.

**Self-Cleaning Dacron Filter Protector (left, washable)** — Prevents Suction Drop, Assures X-Long HEPA Filter Life (right.)  
**Collect Creosote, Cold Fireplace Ash, Sharp Objects, Volumes of Ultra Fine Powders — At the Same Time, Without Suction Drop or Compromising the Life of the HEPA Filter.**

**5-Stage Natural Self-Cleaning Filter – “Unstoppable Performance”**  
Large Collection Yields without Suction Drop. HEPA filter is protected from incoming debris blasting directly into it to assure X-long filter life & premature suction drop. **HEPA Certified Vacuum:** prevents the bypass of dangerous debris back into the work area.

**Pricing / Specs:** 5-Stage Self-Clean Filter, 10' x 1.5" hose (10-Gal), 20' x 2.0" hose (13 & 20-Gal), (5) Air Pulse Vac Bags, 2" hose cuff, 1 Yr Wrty.

Model	Size   Power	Suction	Dimension / Weight	List Price
10440	10 Gal 120V 6.5 Amp x 3-Motors	421 CFM, 71" H20	16.0" x 16.0" x 31", 28 lbs.	\$1,837.00
