9" Notched Turbo Blade

\$58.00 ea

#NTS0909C

Supreme High Performance

Handles All the Applications: Horizontal & Vertical Sawing

Compact, Powerful Diamond Cutter

Open shroud design for excellent line of sight. Captures up to 98% of silica dust when used with appropriate vacuum.

As per the OSHA Silica Rule, 25 CFM is required per 1" of blade: 225 CFM is required for using a 9" blade, 175 CFM is required for using a 7" blade.

Select a guard (right) with the appropriate collar to fit your angle grinder and corresponding blade size.

Guards include connection cuffs to accommodate 1-3/8", 1-1/2" and 2" vacuum hoses.

Specifications:

- Blade Size: 7", 8", 9" x thin (.095) and thick (.250) widths
- Adjusts on the grinder to vertical or horizontal cutting positions
- Re-position the grinder's side handle for cutting position
- Max Depth of Cut: 7" ~ 1-3/8", 8" ~ 1-7/8", 9" ~ 2-3/8"
- Vacuum Port: 1-1/2" & 2", requires connection cuff.
