14" Power Cutter

Husqvarna K770

5" Depth-of-Cut, 21 lbs., 5 HP, 74cc

Husqvarna K770

- 2-Stroke Gas Power Cutter, 14"
- Best-in-Class for Reliability & Power
- Perfectly Balanced, Easy-to-Use.

Applications

- Powerful all-around performer is ideal for cutting concrete, masonry and asphalt in a variety of renovation and new construction work
- Make small cuts, window and door openings, horizontal cuts for brick lintels, curbstones and pavers in landscaping, metal/concrete pipes, concrete in buildings as well as roadwork applications.

Specifications:

- Power: 5 HP, 74 cc
- Engine: Air-cooled 2-Stroke
- Power Source: 50:1 Gas / Oil Mix, 2 Cycle
- Blade Size: 14"
- Arbor: 1" or 20mm, reversible blade bushing included
- Max Depth of Cut: 5"
- Weight: 21 lbs
- Fuel Tank Size: .95 quart

Benefits

- Easy to Start, Easy adjustable blade guard, Fuel indicator in the fuel tank
- Smart Tension, semi-automatic belt tensioning
- Optimized engine performance with 5% fuel savings - less emissions and fuel consumption
- DEX - DUST SUPPRESSION System
 - > Less slurry and low water consumption
 - > Mist system on the complete blade versus using a water stream injection.

\$1,165.00

Includes (2)

14" x .125 x 1"/20mm Vari-Cut
Blades:

- Fast cutting in reinforced concrete, brick and block
- Cuts a wide range of materials 14" x .125 x 1 / 20mm

Free Saw — Diamond Package Plus Free Shipping:

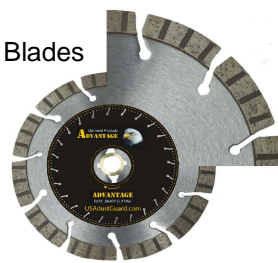

With purchase (18) Segmented Turbo Blades

Cured Concrete, Brick / Block

Thick, steel core provides greater stability and vibration dampening for straighter, truer cuts & long life.

Combination Segmented & Turbo + slanted segments optimizes life & speed under the most conditions for a very versatile performing blade.

Large, slanted gullets optimize debris and slurry removal for improved air circulation & heat dissipation.

14" x .142 x 1"/20mm **\$115.00**

#ST1414E (package includes (20) 14" diamond blades.)
