Particulate & Silica Dust Protection

Div. of Scott Electric • 412-605-2992, #Direct

#807942 - 3M 8511 N95 Particulate Respirator w/
Exhalation Valve, 10 / Box

NIOSH Approved -

\$26.22 / Box

- 95+ percent filtration efficiency against certain non-oil based particles
- 3M™ Cool Flow™ Exhalation Valve - releases hot, humid exhaled breath quickly, helps to reduce heat build-up inside the respirator - ideal for long periods of wear, especially when conditions are hot, humid or physically demanding
- M-Nose Clip adjusts easily for fewer pressure points and greater comfort. Braided headbands two-strap design with dual point attachment helps provide a secure seal
- Fitted with a 3M Cool Flow™ Exhalation Valve - ideally suited for work situations involving heat, humidity, or long periods of wear
- Releases hot, humid exhaled breath quickly, helping to prevent an unpleasant build up of heat inside the face piece - a significant cause of discomfort to respirator wearers
- Cool Flow valve's efficiency is, on average, 7.5°F cooler than similar products without the valve.

3M Disposable Dust Mask

- 10 per Box, 8 Boxes per Case
- Braided Comfort Strap
- 3M™ Cool Flow™ Exhalation Valve
- Standard / Approval: N95.

#211123 - 3M 8210 N95 Disposable Dust Mask
Particulate Respirator

NIOSH Approved -

\$22.06 / Box

- 95+ percent filtration efficiency against solid and liquid aerosols that do not contain oil
- Meets NIOSH 42 CFR 84 requirements and reduces the potential for eyewear fogging
- Do not use for gases and vapors, including those present in paint spraying operations, oil aerosols, asbestos or sandblasting
- Two-strap design with welded dual point attachment helps provide a secure fit, welded strap attachment

3M Disposable Dust Mask

- 20 per Box, 8 Boxes per Case
- Adjustable nose clip for secure seal
- Standard / Approval: N95.

Disposal Dust Mask — N95, NIOSH Approved

Radians RADN95 Particulate Respirator with Arctic Valve™, 10 / Box

NIOSH Approved - **\$19.64 / Box**

- 95+ percent filtration efficiency against certain non-oil based particles
- The RADN95V Particulate Respirator quickly allows heat to dissipate with the help of the Arctic Valve™. The valve helps to keep glasses from fogging. It includes a soft liner, adjustable nose clip, and comfortable straps to make it easy and comfortable to wear.
- Soft liner and adjustable nose clip.
- Comfort straps for an easy and comfortable to wear fit.
- Releases hot, humid exhaled breath quickly, helping to prevent an unpleasant build up of heat inside the face piece - a significant cause of discomfort to respirator wearers.

Radians Disposable Dust Mask

- 10 per Box, 12 Boxes per Case
- Comfort Wear Strap
- Radians Arctic Exhalation Valve™
- Standard / Approval: N95.

Radians RADN95 Particulate Respirator 20 / Box

NIOSH Approved - **\$25.36 / Box**

- 95+ percent filtration efficiency against certain non-oil based particles
- Soft liner and adjustable nose clip.
- Comfort straps for an easy and comfortable to wear fit.

Radians Disposable Dust Mask

- 20 per Box, 12 Boxes per Case
- Comfort Wear Strap
- Standard / Approval: N95.

FILTER TECHNOLOGY

SEGRE N31000 FULLY ADJUSTABLE N99 RESPIRATOR

#N31000 - GVS N99 Respirator

**Superior Fit, Protection, Comfort &
Durability vs a N95 Mask**

NIOSH Approved - **\$49.46 / 15 Box**

15 per box, one size fits all
10 boxes per case

NIOSH Certified TC-84A-9111

Confirms to US FDA GMP Regulations:
21 CFR Parts 210, 211, 820

Explanation of NIOSH Certification

- There are 2 main classes of filtering face masks - N95 & N99
- To achieve the above NIOSH Classifications the GVS N99 mask passed the tests which included performance to measure the mask's filtering efficiency, maximum level of inward leakage, breathing resistance and skin compatibility.

Features & Benefits of N31000

- Superior Fit, Durability & Longer Life than a N95
- 4X times the protection factor than a N95
- Made in the USA - Findlay, OH
- NO EXHALATION VALUE
 - protects you and those around you
 - less fogging from superior filter media and facial seal
- Fully adjustable with adjustable nose clip and straps for unrival adjustability & protection
- PROTECTS:
 - Filter efficiency exceeds 99% for particulates
 - Filter efficiency exceeds 99.9% for bacterial (BFE)
 - Fluid Resistant - PTFE membrane repels dust, moisture and fluids while providing superior durability
- Fold flat design for sleek and comfort plus convenient storage
- Padded nose support for increased comfort
- Aluminum nose piece (MRI Safe)
- Individually wrapped to avoid contamination
- Latex free.
