12" K770 Vac Saw Built-In Dust Control

\$1,352.00

K770 Husqvarna Vac Saw

Lightweight 24 lbs., 4.8" Depth-of-Cut
No Tripping Circuit Breakers
Best Dust Control Saw
on the Market

Handles All the Applications — Flat Work & Wall Sawing

Smart, Effective Dust Control

Integrated "Retractable / Double-Folding" Dust Guard captures 90% of concrete dust when used with appropriate vacuum (minimal CFM is 250).

As the blade cuts, the retracting guard is *naturally* positioned against the material being cut to capture dust as it comes out of the cut — maximum dust is collected regardless of the saw's angle to the material being cut.

Specifications:

- Power: 5 HP, 74 cc
- Engine: Air-cooled 2-Stroke
- Power Source: 50:1 Gas / Oil Mix, 2 Cycle
- Blade Size: 12"
- Arbor: 1" or 20mm, reversible blade bushing included
- Max Depth of Cut: 4.8"
- Vacuum Port: 2"
- Weight: 24 lbs, Fuel Tank Size: .95 quart

Overview - Lightweight power cutter for dry cutting with many of the proven qualities of its trademark K770 while adding the benefit of dust control. Can be used for a variety of cutting applications including curbstone and pavers in landscaping, metal/pipes for installation work, concrete in buildings and highway, horizontal and vertical cutting for masonry restoration.
